RUSSIAN FLEET IN SMALL SEA BATTLE

London, May 11.—A Russian Petrograd despatch says that a Russian Baltic fleet while cruising in the southern Baltic in the region of Windau (a seaport in Courland) exchanged long distance fire with a hostile cruiser and torpedo boats which because of their superior speed escaped southward and avoided an engagement.

WEATHER FORECAST

New Haven, May 11.—Forecast: Fair tonight, Wednesday increasing cloudiness followed by showers. Connecticut: Fair tonight and Wednesday, moderate variable winds. Pleasant weather prevails this morning in the eastern districts. The southern disturbance is now central near Pensacola, Fla. It is causing cloudy and rainy weather on the east gulf and south Atlantic coasts. The northwestern disturbance is central over Minnesota. It is causing unsettled, showery weather between the Rocky Mountains and the lake region. The temperatures are rising in the Mississippi valley.

BRIDGEPORTER IS WOUNDED IN ARMY OF GREAT BRITAIN

Locomotive Co. Employee
With Wife and Child
Went to England.

Robert Atkins, a British soldier who only recently left the shop of the Locomotive Co., to fight for his native country, has been wounded. English friends of his in the ship company have received word that he is in a hospital. Atkins is a skilled mechanic. He settled in this country after emigrating from England and procured employment in the plant of the Locomotive Co. He was on the reserve list and more than a month ago he was called to the colors. Although he had a wife and very young child here, Atkins didn't hesitate. He left his work, packed his belongings, took his wife and child and went to England. He has since seen service and has been wounded in an engagement. How his family is faring is not known here but it is assumed the friends are caring for them. Acquaintances here of Atkins are waiting anxiously for word of his condition, in the hope that he is not dangerously hurt.

D. A. R. Send Words of Encouragement To Administration

At the May meeting of the Mary Silliman Chapter, D. A. R., yesterday afternoon, the following resolution concerning the sinking of the Lusitania, passed:

Resolved, That we, Mary Silliman chapter, D. A. R., hereby express our participation in the great horror which has swept over the nation at the announcement of the splendid ocean liner, Lusitania, our sorrow for the tragic death of so many of our countrymen and also express our deep sympathy with the families who mourn the loss of loved ones. And we trust and hope that the administration at Washington may be enabled to view this great calamity with calm, patient, unswerving justice and may act in the crisis with wisdom which we pray may be given them of God.

The chief announcement of the afternoon was that of the exercises in honor of the placing of the mile stone which will be held on Thursday afternoon, June 3, at 2:30 o'clock at the small park at Clinton and North avenues. Governor Marcus H. Holcomb and Mrs. John Leidlaw Noel, of Litchfield, the state president of the D. A. R., will be invited to be present in addition to a number of city officials.

The program for the afternoon follows:

Music by Wheeler & Wilson band. Invocation, Rev. F. M. Brown, D.D. Presentation address, Mrs. K. M. Spalding, regent.

Acceptance of markers, Mayor Clifford B. Wilson.

Unveiling of the marker by the Misses Dorothy Smith and Lorraine Armstrong.

Address on milestones, William Burr, Greens Farms.

Presentation to town of Stratford, by the regent.

Acceptance by Roland Curtis, president of the board of selectmen.

Singing by the Old Polks' choir under the direction of Miss Louise Peck, chairman of the music committee of Mary Silliman chapter.

Benediction, Rev. G. M. Brown.

The placing of the mile stone is in honor of the twenty-first anniversary of the chapter.

A nominating committee was elected which will make its report at the next and last meeting, June 14. The committee consists of Mrs. Charles H. Armstrong, Mrs. Frederick A. Strang, and Mrs. Frank T. Staples. The tellers for the afternoon were Miss M. Louise Prindle, Mrs. George W. Hills and Mrs. F. M. Patterson.

DERBY MAN FINED FOR
MOTOR MARKER VIOLATION

Charles E. Stevens, said to be a well-to-do resident of Derby, who gave that town as his voting place, and, his age as 39 years, was in the city court this morning charged with operating an automobile without a license and driving without markers on his machine. He was fined \$50 and costs which he paid.

Motorcycle Policeman Gorgas had observed his car on Bank street yesterday without markers. He waited and saw Stevens come out of a house with two 1914 markers repainted and the numbers blocked out to read "171," which is a license number of a New York car. The prisoner said that his markers had been stolen recently at a roadhouse and that he could not wait for new ones. He could not produce license.

Y. W. C. A.—EAST SIDE

This month's social evening has been postponed from this Thursday until May 27. The affair will be in charge of the girls of the Summerfield M. E. church, who promise all attendants a "good time."

RESINOL BEGINS
TO HEAL SICK
SKINS AT ONCE

You don't have to WONDER if Resinol Ointment is doing you good. You KNOW it is because the first application stops the itching and your tortured skin feels cool and comfortable at once. Why don't YOU try this easy Resinol way to heal eczema or similar skin eruptions? Resinol clears away pimples, too, and is a valuable household remedy for cuts, sores, burns, chafes, etc. It has been prescribed by doctors for 20 years and contains nothing that could irritate or injure the tenderest skin. Sold by all druggists.

A GOOD WAY TO SHAMPOO.

Shampoo with Resinol Soap, rubbing it lather thoroughly into the scalp, so as to work in the soothing, healing Resinol medication. This is the most always stops dandruff and scalp itching, and keeps the hair live, thick and lustrous.—Adv.

Turkish Army Losses 45,000, Athens Hears

London, May 11.—The allied troops on the Gallipoli peninsula continued their advance Friday and Saturday, according to an Athens despatch to the Exchange Telegraph company. They are reported to have occupied important positions in the face of desperate resistance offered by Turks whose total losses are estimated at 45,000 men. The hospitals in Constantinople are said to be so crowded that wounded are being sent to Koniah, in Asia Minor.

AUSTRALIA HOLDS GERMAN OFFICERS AS "MURDERERS"

Sydney, N. S. W., May 11.—The deep indignation felt throughout Australia at the sinking of the Lusitania should find immediate expression in increased participation in the war, was a statement contained in a resolution adopted yesterday at the conference of Australian premiers.

The conference also agreed to the suggestion of Premier Holman, of New South Wales, that a recommendation be made to the imperial government that Great Britain shall not agree to any peace terms which do not guarantee that officers of the German admiralty responsible for the orders given submarines be handed over for trial before British judges, charged with murder on the high seas.

"PEACE" ADDRESS HELPS WALL ST.

New York, May 11.—Positive buoyancy prevailed at the opening of today's stock market, the list making gains of 2 to 6 points and provoking another wild rush of short covering. President Wilson's Philadelphia address was undoubtedly a factor in the overnight change of sentiment which found its first reflection in the higher range of American stocks in London.

There were several "wide" openings here, notably in United States Steel and Westinghouse Electric. Steel's initial contribution of 5,000 shares resulted in a gain of 2 1/2 points while the first offering of 3,000 shares of Westinghouse showed a maximum advance of 5 1/4. Bethlehem Steel and other war specialties as well as coppers and numerous unclassified issues rose 2 to 6 points.

The most reassuring feature was the strength of standard shares. Reading, the Pacific and Atlantic rising 2 to 4 1/2. Profit taking reduced some of these gains soon after the opening, but the underdone continued strong.

"The Woman's Law" At Lyric Theatre

A small audience witnessed the premiere of "The Woman's Law" at the Lyric theatre last evening. This is a play in four acts from the pen of Maravene Thompson. It deals with the stratagem adopted by a murderer's wife, to conceal her husband's crime and to further her child's welfare. Finding a man who resembles her husband so exactly as to deceive intimate friends, she takes the man, a victim of loss of memory, into her home and thus aids in her husband's concealment.

The first act of the play is perhaps the most natural and the best. There is an attempt at humor in the characters of Louise Blair and Tom Emmerton which falls short of being laughable and does not add to the action. Each act has its well given strong scene although that of the struggle in the third act is rather primitive. The dominant acting of the play is that of Fred Eric as George Orcutt in the first act and his substitute in the following acts. Mr. Eric's work is exceptionally realistic. As Gall Orcutt, Madeline Traversa appeared. Miss Traversa is exceptionally strong in the dramatic moments of the play. Master Thomas Carnahan, a beautiful, golden-haired child, is Vance Orcutt, the little son. He became an immediate favorite.

Robert Wayne plays the strong role of Dr. Underwood, the alienist, who is an important figure in the last two acts.

A rather sensational opening is effected when the curtain rises upon Lillie Brownell, posing bare limbed as an artist's model. Other participants in the production are Noel Tearle, Grace Goodell, Gladys Fairbanks, Robert Lawrence, Harry Willard.

"The feeling of resentment against Germany over the sinking of the Lusitania was so strong on the London Stock Exchange that the British members united and bodily put out of the house members and clerks of German origin.

TENNESSEE SOLONS PLEDGE TRUST IN PRESIDENT WILSON

Nashville, May 11.—A resolution pledging the support of Tennessee in the crisis that faces the American government through the Lusitania incident and reaffirming faith in the patriotic wisdom of President Wilson, was passed yesterday by the legislature. The resolution cautions the people of Tennessee against intemperate acts or utterances.

Resolutions have been adopted by the board of governors of the Nashville Commercial club and forwarded to President Wilson and Secretary Bryan suggesting "a convention or conference of the kind of which nations in order to make ourselves clear before the entire world where we, as neutrals, stand and what our rights are under existing conditions."

ENGLISH PAPERS URGE NATION TO DRASTIC ACTION

London, May 11.—The principal themes of editorial discussion in the newspapers continue to be advocacy of drastic treatment for Germany. There has been one of Emperor William's most trusted advisers in all questions of maritime policy. Sir Valentine Chirol, who for years has been one of the most vocal German submarine policy. Sir Valentine declares Herr Ballin disavowed Germany's ruler from going to war in 1912 over Agadir because the German submarine was not then developed to a point where it could exact effective reprisals from the British merchant marine.

Discussing the attitude of the United States toward Germany, the Times says it "does not complain" because of the lack of vigorous action at Washington.

AUSTRALIANS SHOW VAST THROGS HOW TO WIELD AN AXE

The Australian Woodchoppers went out to Boston avenue this morning and gathered a few more choice timbers for their vaudeville act at Poli's and, incidentally, set up some records in the matter of tree removals.

The Woodchoppers were greeted by a huge throng of onlookers from the Bridgeport Arms Company and others, many of whom had seen their exhibition yesterday, and who to-day were crowded to the way through in six and a quarter minutes. Mr. Herthal says it would take his men three hours to do the job.

Then, just to get a little more exercise, the woodchoppers stacked up against a strong young elm tree. In a minute, after a few healthy wallops with broad-axes and an artistic application of the double hand-saw, the tree toppled over. The timber was carted to Poli's where the woodchoppers will demonstrate further their right to claim the title of "Champion Woodchoppers of the World."

BABE IN WATER LONG TIME, HAPPY SURVIVOR.

Queenstown, May 11.—Lady Allan, wife of Sir Mortage Allan, of Montreal, left on a special train today for London.

Probably the most unconcerned of the survivors is the eight months' old son of Mrs. H. Booth. The mother lost her life, but the father has been located at a hotel in Ottawa. The baby was picked up from the water but apparently is suffering no ill effects. A number of the survivors recognized the infant and remembered that the father had remained behind in Canada. An aunt of the infant who is in England, will take charge of him.

A pathetic case is that of Mollie Mainman, aged 16, and her seven year old twins, Elizabeth and Edwin Mainman, who lost their father, A. R. Mainman, their mother and two brothers. The family was on the way to Chester, Eng., to take possession of an estate there which had been bequeathed to them. The children were taken in charge by lawyers.

Announcement was made at the local offices of the Adams Express Co. that renewal would be granted of the lost money orders of the Lusitania.

Summary OF THE War News

War between Italy and the central empires is now regarded in Rome as almost unavoidable. France is said to be only a slender chance that an agreement will be reached. Military preparations are being pushed vigorously and political opposition to war apparently has largely died away.

In Paris it is rumored Germany and Austria have declared war on Italy but so far as is known there is no basis for such a rumor.

An official statement issued at Constantinople says the French and British troops made four attacks near Axi Burnu on Sunday but were driven back with heavy losses. It is asserted that three battalions, or about 3,000 men were annihilated.

Victory in several engagements along the Carpathian front is reported in an official Russian statement. Despatches to Switzerland say the Russians have begun a strong offensive at Tarnow, reported to have been captured last week by the Austrians as well as in the Baltic provinces to the north.

A German aeroplane, flying over St. Denis, a suburb of Paris to-day dropped two bombs. Five persons were wounded.

Official VIEWS OF World's War GERMAN

Berlin, May 11.—The German general headquarters staff today gave out the following statement:

"Yesterday morning an English ship was driven away from Westende by our fire."

"We made further progress east of Ypres and captured five machine guns. The French continued their attacks south of the Lovette hills and at the village of Ablain and Carency. All their attacks were repulsed. The number of prisoners made by us here was increased to 800."

"Between Carency and Neuville the French still remain in possession of the trenches taken by them. The battle continues."

"An English flying machine was shot down at a point southwest of Lille. In the eastern theatre yesterday, the situation was unchanged. The Russians attempted to arrest the progress of our army under General Von Mackensen on the Brzesko-Brzozowa line on the branch of the Strodznika-Bresnaka and at Rozpoz, northeast of Elbeca and Seczyna on the Vistula. Their object failed completely. By night the Russian lines were placed in many places, especially at Brzesko and between Brzesko and Lutoza after a desperate attack by several Russian divisions of the Sanok in the direction of Brzesko had failed in the morning with very heavy losses for the enemy. The pursuit continues."

FRENCH

Paris, May 11.—The French war office this afternoon issued the following statement on the progress of hostilities:

"In Belgium, near St. Georges, the enemy endeavored by a night attack, to recapture the positions taken by us the day before yesterday. They were, however, repulsed."

"To the north of Arras, our progress has continued. Monday evening we took possession first of the cemetery and then of the eastern part of the village of Carency and also of the road from Carency to Sauchez. Carency, where we took 230 prisoners, including three officers and captured several machine guns, is now invested by our troops on three sides and is reduced to precarious communication with the German lines."

"Following the bombardment of Dunkirk, reported yesterday morning, during which three shells fell but those who desire to enter the city, the Germans threw 11 shells on the town of Bergues, five miles south-southwest of Dunkirk. Twelve persons were killed and eleven wounded. Our batteries at once opened fire and they put a stop to the shelling of the enemy which was not resumed during the day."

"On the rest of the front there has been nothing to report. One of our aviators yesterday bombarded a hangar for dirigible balloons at Maubaug and started a fire. An aviator of the enemy threw bombs on the railroad at Bouleaux, 20 miles north of Amiens but without inflicting damage. Another aviator flying between the Argonne and the Meuse was compelled to come down within the German lines where his machine took fire."

"On the other hand, the Germans brought down yesterday a British aviator and British soldiers were successful in bringing down two German airmen."

TURKISH

Constantinople, May 11.—The following statement was issued today by the Turkish war office:

"On the Dardanelles front the enemy made four desperate attacks near Axi Burnu, Sunday night, but was repulsed by bayonet attacks and suffered heavy losses. Three enemy battalions were annihilated."

"Monday afternoon the enemy constantly carried away wounded to their hospitals."

"In the south, near Seddul Bahr, the enemy attacked under the protection of naval guns but owing to our counter-attacks his assault was unsuccessful."

RUSSIAN

Petrograd, May 11.—An official statement issued last night by General Headquarters said:

"In the region of Uzok Pass the enemy made a fruitless attack on Saturday. Serious enemy columns attacked impetuously a position held by two of our companies in a sector of the Javorina mountain chain on the slopes above Lomnita. The enemy's losses were so heavy that heaps of bodies interfered with the fire from our trenches. Our troops, in spite of the enemy's machine gun fire, left their trenches and swept the enemy from the whole region."

"The same day, after a desperate fight, the enemy forced a Russian detachment near the village of Zaevel to retire to the left bank of the Dnieper."

THE SMITH-MURRAY CO.

Opportunities to save money every day here.

New Petticoats are here for little money.

These petticoats are brand new. Some are washable and some are of heavy sateen in a great variety of colorings. All made in the new wide circular style for wear with the full skirts. Priced from 39c to \$1.00.

BAD BREATH

is very annoying and is generally caused by a disordered stomach. CERTILAX "The Certified Laxative," gets at the cause and removes it. CERTILAX acts gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and purifying the entire system. It also acts on the stomach, and other harsh cathartics do without any bad after effects. CERTILAX contains nothing of a harmful or habit forming nature; they are made after the favorite formula of a specialist of New York City and have been selected as the best by more than five hundred physicians in New York who prescribe them regularly in their practice. For sale at all drug stores, or sent direct on receipt of price—10c, 25c, 50c. Cuna Chemical Co., 117 E. 24th St., New York.

GERMAN BUILD THREE SUBMARINES A MONTH

Geneva, May 11.—A Swiss engineer who arrived here today from Hamburg, said the shipyards there were turning out three finished submarines a month. Two of them are of the larger class and one of the smaller type used for coast defense.

Frank Galvin of Berlin, Germany, auto race driver and his mechanic, Chapple Dashedich, were seriously injured at Indianapolis, Ind., while training for the 500-mile race to be held there May 29. The car was totally wrecked.
